DETAILED ACTION

Allowable Subject Matter

Claims 1-26 are allowed.

The following is an examiner's statement of reasons for allowance: The rejection of claims 1-26 under 35 U.S.C. 112 is withdrawn in view of the applicants amendments and the inclusion of the suggested claim language, offered by the examiner.

That applicant has narrowed the scope of there invention by requiring the "material is transparent or substantially transparent" as indicated in the specification. None of the references cited teach or suggest the use of a transparent or substantially transparent dye or paint on a substrate, that blocks light in two specific regions and ablates electrical energy.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The remaining references listed on forma 892 and or 1449 have been reviewed by the examiner and are considered to be cumulative to or less material than the prior art references relied upon in the rejection above.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Derrick G. Hamlin whose telephone number is (703)

305-0590. The examiner can normally be reached on Monday-Thursday and alternating Fridays from 7:30 AM - 4:00 PM.
